Organizational Management and Staff Structure:

GENDER POLICY AND GENDER FOCUSED ACTIVITIES:

Toymu has gender policy and followed strictly in every programmes and organizational decision process.

Major objectives of Gender policy are; (i) To provide guidelines for creating an enabling environment for fostering a process of institutionalization of gender equality. (ii) To be used as a useful document for providing strategic directions in terms of programmatic and organizational planning, designing, implementation and impact assessment. (iii) To take up necessary steps/programs to institutionalize gender in the organization. (iv) To take up gender responsive projects and program.

Toymu feel and experienced that girls and women are negligence portion in the society. Women have very little opportunity to take part in socio-economic development programs. Therefore;

Toymu gives high priority to girls and women in staff recruitment process, beneficiaries selection and participation of development programs. In job circulation and recruitment process, Toymu consideration of minimum required educational qualification and relevant experience for women. Toymu give preference to women in recruitment and presently among total 297 nos. of staffs and volunteers 69% are women. For staff field distribution at field level, female staffs are set up at comparatively safe and secured location where they could move and communicate easily. At least 40% women staffs and beneficiaries ensured in any training/workshops. Toymu also provide maternity leave as per government policy and others consideration for female staffs. We possess zero tolerance for any violence against women staffs.

Presently, we have been implementing three (3) projects in seven upazilas of Bandarban hill district where girls and women are specially focussed. In the past, we also had implemented women related different programs and activities in partnership with local national & international development agencies.
